

Julia Shankle
Email: jkshankle@knights.ucf.edu
Phone: 407-415-6986

Education:

BS Biomedical Sciences Major *Expected Date Spring 2016*
University of Central Florida
GPA: 3.4

High School Diploma *2012*
Manatee High School, Bradenton, FL

Conferences and Research:

MIT2 Undergraduate Research Assistant; (Minds In Technology); Human Factors Psychology 2013- 2016

Human Factors and Applied Psychology Student Conference; 2015

Location: Embry-Riddle Aeronautical University, Daytona Beach, FL

Presenting: *“Measuring Judgment, Reaction Time, and Reaction Type in Drivers; Comparing Collision Rates of Four Scenarios”*

Showcase of Undergraduate Research Excellence (SURE); 2015

Presenting: *“Measuring Judgment, Reaction Time, and Reaction Type in Drivers; Comparing Collision Rates of Four Scenarios”*

&

“Selective Attention Layered Testbed”

Undergraduate Psychology Conference Hosted by UCF-Palm Bay Chapter of Psi Chi; 2015

Presenting: *“Measuring Judgment, Reaction Time, and Reaction Type in Drivers; Comparing Collision Rates of Four Scenarios”*

&

“Selective Attention Layered Testbed”

Volunteer Experience:

Shepard's Hope Fee Clinic
Eligibility Specialist, Trained Position

2014-

Description: This position has allowed me to interact with the patients on a higher level. I have been both responsible for providing an understanding of the financial aspects that qualify one to become a temporary patient, as well as a brief reason for care, which will then go on to the physician of the relating specially. Often I have dealt with patients who have difficulty communicating, are illiterate, or are nervous about the process. I find that I have gained considerable hands on experience in dealing with patient care, as trust from the patients is a crucial part of the interview process. Finally, volunteer physicians are granted sovereign immunity for donating their time. My position is responsible for the accurate tax, eligibility and consent forms that must both be completed, and understood, by all patients

Teaching Experience:

Teaching Assistant for Dr. Stafford

Physiological Psychology PSB 3002

(Fall 2013, Spring 2014, Summer 2014, Fall 2016)

Perception EXP 3204C

(Fall 2014)

Description: This position furthered my understanding of the knowledge I attained from the course. With that knowledge, I have aided students in their understanding. I have attained high administrative authority such as developing exam, proctoring exams, proctoring and coordinating late exams, grading, issuing advice, and issuing study materials for students.

Notable Positions:

ActiveMinds

2013-

Member, Speaker

Honors fraternity Phi Eta Sigma

2012-

Member

Awards:

Dean's List Member

Awards for participating in conferences

Beneficial Skills and Certifications:

CITI Certification

Public Speaking and Communication
Administrative Skills
Technological Understanding
-Programs and Devices
Statistical Analysis Understanding
