As a teaching assistant, I am overseeing a group of students in a class in which I answer various questions about the course content or assignments and grade assignments.

Volunteer work

[Teague Middle School]

[Aug 2006-Jun 2010]

[Volunteer]

During my time spent volunteering at Teague Middle School I had help a former teacher with various tasks. The various task that I had preformed are grading test/homework assignments, setting up science experiments, helping students with their class work, organizing the classroom, making copies of future homework/class assignments, filling paperwork.

SKILLS

I am proficient in using SPSS, Qualtrics, Word, Outlook, Power Point and some Excel, as well as Mac's word Processor and number sheet, Able to analyze and interpret data and cite in APA format. Work and communicate well with others. Excellent time management skills. Able to preform tasks efficiently. Familiar with the use of Academic Online database for research (i.e. psychINFO).

Certification

Collaborative Institutional Training Initiative Ethics Training-University of Central Florida- Group 2: Social/Behavioral Research Investigators and Key Personnel.
Obtained for the University of Central Florida
